Description	<p>0 Unacceptable Nil or inadequate response. Fails to demonstrate an ability to meet the requirement. 1 Poor Response is poor and generally poor. The response addresses some elements of the requirement but contains insufficient/limited detail or explanation to demonstrate how the requirement will be fulfilled. 2 Acceptable Response is relevant and acceptable. The response addresses the requirement but may lack details on how the requirement will be fulfilled in certain areas. 3 Good Response is relevant and good. The response is sufficiently detailed to demonstrate a good understanding and provides details on how the requirement will be fulfilled. 4 Excellent Response is completely relevant and excellent overall. The response is comprehensive, unambiguous and demonstrates a thorough understanding of the requirement and provides details of how the requirement will be met in full. Tenderers are required to confirm that they will pay staff that are involved in the delivery of services under the contract, at least the real Living Wage. Bidders must confirm to the SPD (Scotland) to demonstrate adherence to the Exclusion and Selection Criteria for this procurement. If there are named subcontractors/technicians upon which the bidder will rely to meet the selection criteria, these named parties must complete the SPD Supplier Response Form attached to SPD. 4C4 SPD If bidders intend to use a supply chain to deliver the requirement, they should confirm they have (or have access to) the relevant supply chain management and tracking system to ensure a resilient and sustainable supply chain. 4C7 SPD Bidders will be required to provide evidence that their organisation has taken steps to raise their awareness of the climate change emergency and how they will respond. The buyer is using PCS-Tender to conduct this exercise. The Project code is 29646 and the ITT code is 59935. For more information see: http://www.publiccontractsscotland.gov.uk/info/InfoCentre.aspx?ID=2343 The buyer is using PCS-Tender to conduct this exercise. The Project code is 29646. Tender	Id		CASE/787746			
	LegalBasis	Id		32014L0024		
		Scheme		CELEX		
	Title		ENFOR - Scottish Coastal LiDAR Survey			
	Status		active			
	Classification	Scheme		CPV		
		Id		71354200		
		Description		Aerial mapping services		
	MainProcurementCategory		services			
	Description		In support of the Scottish Government’s commitments within the Scottish National Plan 3 (https://adaptation.scot/about/about-the-scottish-governments-national-plan-3/) we are commissioning airborne LiDAR surveys of Scotland’s coastal and the intertidal area.			
	Value	Amount		750000		
		Currency		GBP		
Lots	0	Id		1		
		Description		We require LiDAR survey outputs for the survey areas, which will be detailed within the specification, including LAS files, Digital Surface Models, Digital Terrain Models and associated assurance statements. The Areas of Interest are the anticipated extent of the LiDAR survey. The survey covers over multiple geographic areas, as defined in the specification. We anticipate that the survey will be phased to coincide with appropriate low tide conditions. We anticipate that ‘standard LiDAR’ will be used, though if the contractor proposes Green LiDAR / Marine LiDAR to deliver the required outputs whilst the tide is in, then we remain open to these approaches. Given the expansive area we do not expect UAV/Drone surveys to be appropriate.
