		Scheme	CELEX
	Title	Soft Market Testing - University of York Lighting Upgrades Project	
	Status	planned	
	Classification	Scheme	CPV
		Id	71318100
		Description	Artificial and natural lighting engineering services for buildings
MainProcurementCategory	services		
Description	<p>The University of York has issued this market engagement questionnaire to seek feedback from the energy market to help it to shape its strategy prior to advertising its LED lighting upgrade programme. The aim is for the University to obtain detailed feedback from suppliers and installers, who are capable of supplying services to the University. The University is keen to hear what strategies have been adopted by other similar customers, and what service supply options are available through the market. The University intends to utilise the information collected from this questionnaire to develop a procurement strategy to take to market to procure a solution to its lighting upgrade requirements. It is hoped that shaping and refining the procurement strategy will result in a good level of competition and some innovative solutions being proposed by bidders, and therefore this SMT will benefit both suppliers and the University. The SMT questionnaire can be found at: https://in-tendhost.co.uk/york/asp/Home</p>
